Promotion period:
01.02.-
31.12.2023

Strong performance.

By purchasing one of our selected promotional machines, you will receive a warranty extension from 12 to 24 months or a maximum of 5,000 operating hours throughout Europe.*

✔ Simply worry free

Free delivery and on-site repairs

Within the warranty period, you receive all partial replacement deliveries and on-site service repairs free of charge (except for wear and tear parts). In addition, you can test various apps free of charge with the App-Plus package.

✔ Strong partner for the future

Service framework agreement. Based on the experience gained, you will receive a non-binding and individually tailored ongoing service offer shortly before the 24-month warranty period ends.

✔ Experts checkup

A free inspection after 12 months or at the latest before the end of the warranty. During this inspection, we determine and document the actual condition of the machine and provide you with recommendations for maintenance work.

✔ Good advice is not expensive but valuable

Free hotline. Do you have questions and need advice quickly? Our team of experts will of course provide solution-oriented support for your concerns (Monday-Friday from 7:00 a.m. to 5:00 p.m.).**

Selected promotional machines:
